

## License Agreement for InsightFace Wild Anti-Spoofing Dataset

### Dataset Usage Rules

1. The dataset and its subsets can only be used for academic research purposes.
2. The user is not allowed to use the dataset or its subsets for any type of commercial purpose.
3. Any form of usage of the dataset in defamatory, pornographic, or any other unlawful manner, or violation of any applicable regulations or laws is forbidden. We are not responsible for any consequences caused by the above behaviors.
4. The User is not allowed to distribute, broadcast, or reproduce the dataset or its subsets in any way without official permission.
5. The user is not allowed to share, transfer, sell or resell the dataset or its subsets to any third party for any purpose. HOWEVER, providing the dataset access to user's research associates, colleagues or team member is allowed if user's research associates, colleagues or team member agree to be bound by these usage rules.
6. All images in this dataset can be used for academic research purposes, BUT, only the approved images of the dataset can be exhibited on user's publications(including but not limited to research paper, presentations for conferences or educational purposes). The approved images have special marks and are listed in appendix.
7. We reserve the right to interpret and amend these rules.
8. please cite us if the InsightFace Wild Anti-Spoofing Dataset or its subset is used in your research:
